

# DESIGNING INNOVATION

## The Original Global Standard...Transformed

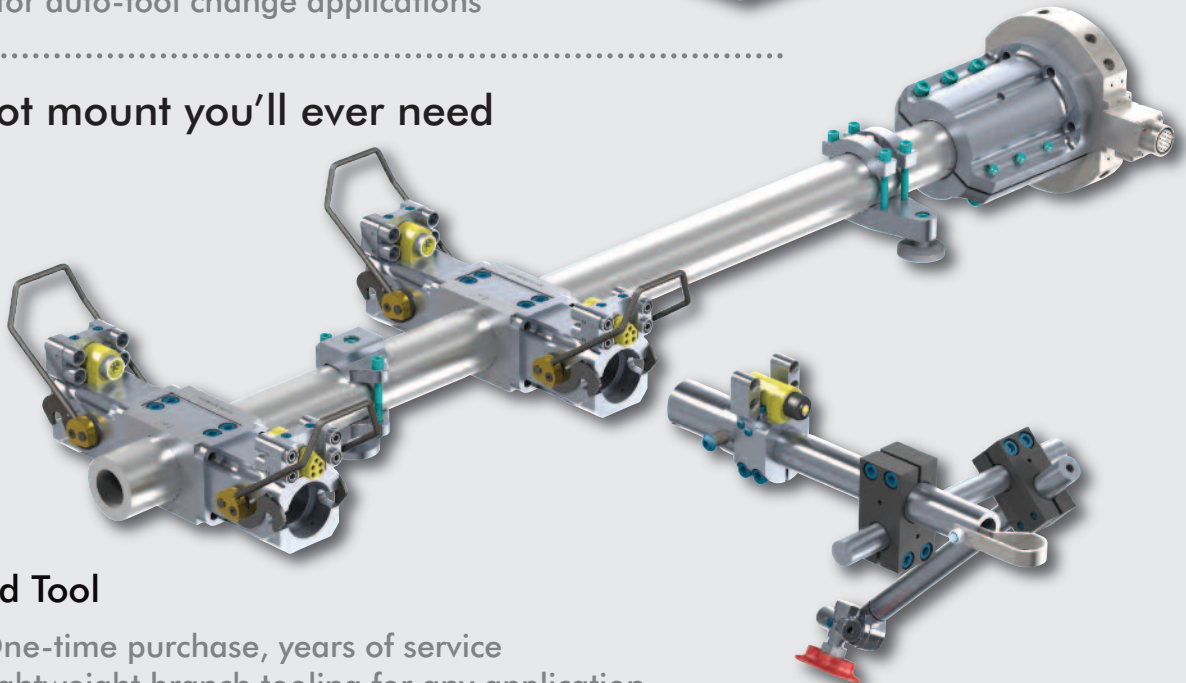

New precision End Effector systems are designed to increase productivity and reduce change-over time

### Master Mount Assembly

- Overall low profile
- Integrated docking station locators
- Highly precise for auto-tool change applications

### The only robot mount you'll ever need

### 4-Station World Tool

- Affordable - One-time purchase, years of service
- Adaptable - Lightweight branch tooling for any application
- Interchangeable - Highly precise, where near perfect repeatability is needed
- User-friendly - Universally adopted DE-STA-CO quick-disconnect tool changer system
